PLAN THE FLIGHT - FLY THE PLAN

Executive Director's Message

Every year I work with Daniel Bell to come up with a cover for the Game Plan. If you think back, we've had some great ones. It has been said that "a picture is worth a thousand words" so every year we've attempted to design a cover that best captured that year's direction.

This year Daniel was reading my "Director's Planning Guidance." This is the publication that reiterates the commission vision, mission, my philosophy, and my intent for the upcoming fiscal year. I give this to our leadership team to use as their guide in formulating the Game Plan.

The fourth point in my philosophy is "Plan the Flight and Fly the Plan." Daniel took that as his inspiration for this year's Game Plan cover sheet.

The bottom line is that we do need to plan and we need to execute the plan. A plan with no action is useless and action without a plan is reckless. Yet, one step above a plan is intent. Our entire team knows that our intent is to take care of Veterans. We do this throughout our Cemetery, Homes, and Veterans Service Programs.

Make sure that you know the intent and know how you fit inside of it. Then, deliberately Plan the Flight and Fly the Plan. Missouri's Veterans deserve it!

Executive Director
Missouri Veterans Commission

Who We Are

The Missouri Veterans Commission as established by RSMo Chapter 42, is tasked with the sacred honor and duty to “aid and assist all veterans and their dependents and legal representatives, who are legal Missouri residents or who live in the state of Missouri, in all matters relating to the rights of veterans under the laws of the United States and under the rules and regulations of federal agencies, boards, commissions and other authorities which are in any manner concerned with the interest and welfare of veterans and their dependents.”

VISION

Support our Veterans: past, present and future.

Past:

Missouri has a rich history of supporting its Veterans. In the 1890's two Soldier's Homes were opened for Union and Confederate Veterans with each home having a Veterans cemetery. In 1931, legislation was passed establishing the first State Service Officer to oversee benefits provision to Veterans. Even though World War I, World War II, Korea, and Vietnam have ended, we are still paying the cost for those wars. Veterans, spouses, and dependents from those eras are still receiving benefits that are owed to them. In fact, according to the U.S. Department of Veterans Affairs, spouses and dependents from the Spanish-American War are still receiving benefits, 109 years after that conflict officially ended.

Present:

Today the commission supports Veterans through seven Veterans Homes, six Veterans Cemeteries, and 44 Veterans Service Officers. We also enjoy a great relationship with Missouri's Veterans Service Organizations who have an additional 38 Service Officers assisting Veterans. Our partnerships and connections with these organizations as well as the VA, our elected officials, and other interested parties further insure that Veterans are receiving the support they deserve. As we continue to enroll Veterans, their spouses, and their dependents, we are seeing a change in the types of benefits and services needed by our more recent Veterans. We are aware of the shift in needed benefits and we remain committed to properly guide Veterans to the most appropriate source of services.

Future:

We will support all actions and efforts to ensure that the needs of future Veterans are met. We recognize that future services provided will change to meet new needs not yet considered. The ongoing discovery of new presumptive conditions for Vietnam Veterans, the unique needs of Global War on Terror (GWOT) Veterans, and needs that will most certainly arise from new conflicts not yet considered will lead to changes in the way we will provide services in the future.

Who We Are

MISSION

Provide Veterans with timely benefits assistance, skilled nursing care and a final resting place with honor.

Timely Benefits Assistance:

82 Veterans Service Officers (44 through MVC and 38 through the Veterans Service Organization grant program) assist Veterans and their families throughout the state with benefit information and claims assistance. The VSOs help in preparing forms, submitting applications, answering VA letters, and providing follow-up on claims for VA benefits. The commission also has four specialized outreach initiatives focusing on the unique needs of certain Veterans: Women Veterans, Minority Veterans, Incarcerated Veterans, and Returning and Current Active Duty Service Members. We also employ a Veterans Ombudsman who works with unusual and extraordinary issues faced by Veterans, Service Members, and their families.

Skilled Nursing Care:

Our seven Missouri Veterans Homes operate 1,350 long term skilled nursing care beds in compliance with Federal Department of Veterans Affairs regulations. Each Missouri Veterans Home employs a licensed nursing home administrator, has registered nurses on duty 24 hours per day, and provides physician care and many other specialized care services. The seven homes are located in the cities of Cameron, Cape Girardeau, Mexico, Mt. Vernon, St. James, St. Louis, and Warrensburg.

Final Resting Place With Honor:

With the philosophy to honor our Veterans in perpetuity for their service and sacrifice, we have created a cemetery network so that every Missouri Veteran and eligible dependent will have reasonable access to a Veterans cemetery. There are five cemeteries located in or near the cities of Bloomfield, Higginsville, Fort Leonard Wood, Jacksonville, and Springfield. A sixth cemetery, located in St. James is closed to interment.
